## *FREE GAS?*

---

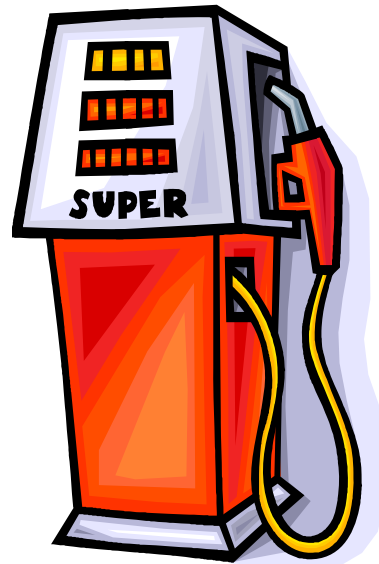

At Schwab Insurance Agency we value our customers. We work hard every day to provide quality insurance products at an affordable price to meet the various needs of our policyholders.

Customer referrals or word of mouth advertising is very important to any business. At Schwab Insurance Agency we want to reward our clients for sending business our way. The “Free Gas for Referrals” program helps us to do just that.

## How the “Free Gas for Referrals” program works

The program is simple. Every time you refer family or friends to our office you receive a free \$10.00 cash card that is good for any Country Fair store. The card is actually good for \$10.00 worth of gas or other products at any of their stores. All you need to remember is to make sure your referral mentions your name when they call or stop in for a quote. The quote can be for any of our insurance products including auto, home, business or life insurance. There is no limit on the number of referrals a person can make.

### RULES

As with any program we do have some rules:

1. Referral must mention the client at some point during interview or application process.
2. No limit on the number of referrals a client can make.
3. Referrals must be legitimately interested in the products being quoted.
4. No purchase is necessary by the referral for client to qualify.
5. One card per referral regardless of number of quotes offered or policies written.
6. Program can be discontinued at any time without prior notice.
